Job Title: Head of Specialist Palliative Care Physiotherapy

Accountable to: Clinical Services Director

JOB PURPOSE

Be accountable and responsible for the delivery of a high-quality specialist palliative care physiotherapy service for patients with complex, progressive life-limiting illness, focusing on enablement, rehabilitation, and interventions that respect individuals' rights to choice, independence, and self-determination.

KEY PERFORMANCE AREAS

- Lead, inspire and support the team as a skilled and experienced role model; passionate, enthusiastic, and an
 excellent communicator.
- Promote best practice and foster a creative, personalised approach to therapy provision for those accessing the service.
- Undertake comprehensive physiotherapy assessments for patients within inpatient, outpatient, and community settings.
- Plan, implement, and evaluate tailored therapeutic interventions, ensuring effective delegation, collaboration, and timely transition to community-based services where appropriate.
- Drive excellence in interdisciplinary working and collaboration with external partners to optimise patient outcomes and service improvement.
- Lead or participate in multi-professional forums and caseload reviews to reflect and share best practice
- Seek, refer to and utilise the combined knowledge and skills available within and beyond the hospice including supportive, generalist and specialist palliative care professionals and others to ensure the patient and family needs are addressed
- Collaborate with the Hospice Leadership Team to support appropriate referrals, build understanding of specialist physiotherapy provision, and drive innovative service development aligned with organisational strategy.

PROFESSIONAL RESPONSIBILITIES

- Maintain own professional registration and adhere to relevant professional and organisational standards.
- Act as an autonomous practitioner, managing a designated caseload and prioritising workload effectively.
- Use advanced communication skills to explore and sensitively respond to patients' and families' understanding of illness and prognosis.
- Establish therapeutic relationships that enable shared decision-making and support, including advocacy when needed.
- Plan and coordinate time efficiently to meet objectives for specialist palliative care provision.
- Design, implement, and regularly review personalised treatment plans, applying evidence-based practice, advanced reasoning, and health promotion.
- Foster respectful, effective working relationships with internal and external colleagues to optimise patient care.
- Support colleagues as role-model and expert resource while acknowledging personal limits.
- Maintain accurate and timely records in accordance with professional, legislative, and governance standards.
- Maintain appropriate and respectful professional relationships with colleagues and other staff
- Demonstrate professional conduct including punctuality, appearance, and reliable attendance.

- Comply with safe practice standards, including consent, safeguarding, and legal frameworks.
- Ensure that personal actions and conduct apply with hospice policies and procedures
- Ensure effective use of hospice resources
- Act as an ambassador for the East Lancashire Hospice promoting at all times our vision which is to help everyone
 who comes into contact with the hospice to make the most of life. We do this by committing to our values: to
 care, listen, respect and work together to support people to live well until they die and support those affected
 by death

PERSONAL DEVELOPMENT

- Take responsibility for own lifelong learning through reflective practice and ongoing professional development.
- Undertake mandatory training appropriate to the role and support the education/development of others
- Lead and/or contribute to the education and training of others as appropriate to the role.
- Participate in the hospice appraisal system and access training opportunities to improve own knowledge/skills
- Identify and communicate learning needs for inclusion in education and development planning.

MANAGING SERVICES

- Contribute to the referral screening and management process, establishing priorities and engaging with referrers to improve the quality of information provided.
- Deliver service objectives aligned with organisational strategy through governance frameworks, including clinical audit and feedback collection.
- Identify and share best practice guidance, innovations, or development needs relevant to the service with colleagues and managers.
- Support high-quality student placements
- Lead and participate in team meetings to improve communication on operational matters.
- Represent the service and/or Hospice at internal and external meetings as appropriate to raise awareness and promote service use.
- Contribute to the development and delivery of wellbeing programmes specific to own area of expertise.
- Ensure team engagement in cross-departmental events and strategic objectives.
- Manage feedback and concerns following established policies and procedures.
- Consistently follow lone working protocols and escalate issues appropriately.
- Promote and participate in service promotional events and celebrations.
- Ensure a safe environment by ensuring the reporting of hazards and incidents, completion of relevant risk assessments, investigation of incidents and implementation of risk reduction measures
- Ensure effective use of all resources within allocated budget
- Ensure timely and accurate clinical activity data submission.
- Support cover arrangements for absent colleagues to help ensure continuity of services in conjunction with line manager.

MANAGING PEOPLE

- Structure departmental induction, probation reviews, and clarify roles and responsibilities for staff and volunteers.
- Lead/contribute to the recruitment, induction and retention of new staff and volunteers in keeping with hospice policy and procedures ensuring they have appropriate information and training to carry out their role.
- Maintain clinical competence through effective supervision and performance development reviews.
- Foster morale and support within the team, promoting a culture of appreciation and learning
- Deliver the annual PDR process for own team members, providing support and identifying development needs

- Support team members and facilitate staff development to secure high standards of practice and enhance service delivery.
- Challenge and be open to challenge in order to secure the delivery of best practice
- Utilise effective management/leadership skills in the application of HR processes, policies and procedures

STATUTORY DUTIES

- Ensure the security of information accessed in the course of your duties ensuring compliance with the Data Protection Act, Caldicott principles and information governance best practice guidance
- Report any hazards or incidents in accordance with the Health Safety and Risk Management Policy and procedures
- Comply with the East Lancashire Hospice 'no smoking' policy in all hospice premises and grounds
- Be responsible for maintaining own vaccinations including Hepatitis B immunity (as applicable)
- Ensure that infection control measures are followed in relation to your role
- Work at all times to safeguard the rights of individuals promoting their wellbeing and protecting those at risk from harm, acting on any concerns related to safeguarding children and adults at risk in line with policy and local guidance
- Work at all times to respect people's individuality, rights and diversity to ensure equality

WORKING HOURS

The post holder will work their hours flexibly. These will be worked according to a rota of up to any 5 days of the working week.

NOTES

This job description reflects how the post currently meets the needs of the service. Since the hospice is constantly developing and changing its services to ensure it meets the needs of the community it serves, the role and responsibilities of the post holder may change accordingly.

This job description will be reviewed annually at the annual PDR and may change as is deemed necessary.
